

Cupid's Crunch

8 cups Skinny Pop popcorn (one 4.4 ounce bag)
2 cups pretzels
3/2 cup lightly salted almonds
2 Tablespoons strawberry Kool-Aid drink mix (with the sugar already added)
1 bag Valentine M&M's
Candy Sprinkles
2 bags of Ghirardelli's brand of white melting wafers,
pink gel coloring

In a VERY large bowl mix together one entire bag of melted white candy wafers with your popcorn and half of the pretzels. Mix together the pretzels and popcorn with the melted candy wafers until coated well. Spread the combination out on a cookie sheet lined with parchment paper. Sprinkle your Kool-Aid on top of the sticky mix.

Next, add a few more pretzels, any candy, nuts or sprinkles you might want to combine. Melt a second bag of candy wafers, divide into two bowl and tint two shades of pink. Add the melted candy to a candy-making squeeze bottle and drizzle all over the snack mix just to make sure everything is all stuck together.

Let the mix stand about 20 minutes until the candy is set, then break a part, put into seasonal baggies or a pretty bowl and serve.
